

Here is the website so far

Problems:

1. Move and reset buttons the widths don't show the entire script??
2. Up and down buttons are I think on different columns in the same row as the entire script should those buttons and text be on different rows too?
3. Have allow of junk I don't know an easy way to delete??

1) Code:

- Code is I don't know if I am using right is the column code with offset??
- Highlighted refer to the issue.

```
<br>
<div class="row">
  ::before
  > <div class="col-sm-3">...</div>
  > <div class="col-sm-3">...</div>
  > <div class="col-sm-3">...</div>
  > <div class="col-sm-3">
    > <div class="btn-group-vertical col-sm-3">
      <a href="#" class="btn btn-sm btn-primary" onclick="moveCamera()">Move</a>
      <br>
      <a href="#" class="btn btn-sm btn-primary" onclick="resetMotors()">Reset</a>
    </div>
  </div>
<!-- <div class="row">-->
```

2) Code:

- This is just for the x axis code but the second row is where I make the other stuff for the up and down arrow.
- Y and rotation are identical.
- Also is it a problem with the spacing when I am displaying the x-axis??

```
<br>
<div class="row">
  ::before
  <div class="col-sm-3">
    
    <br>
    "
    &nbsp;   X-axis
    "
    <br>
    <input type="text" size="5" class="form-control" id="motor1" placeholder="0">
    <br>
    "
    &nbsp;   Motor 1
    "
    <br>
  <div class="row">
    ::before
    > <div class="col-sm-2">...</div>
    <br>
    <div class="col-sm-1">Up</div>
    <br>
    > <div class="col-sm-2">...</div>
    <br>
    <div class="col-sm-1">Down</div>
    ::after
  </div>
</div>
> <div class="col-sm-3">...</div>
> <div class="col-sm-3">...</div>
<div class="col-sm-3">
```

3) Code:

- this is just comments I want an easy way to delete instead of the backspace button?
- Not as important

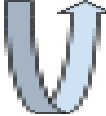

```

</div>
<div class="row">--
  <div class="col-sm-6"><br></div>--
</div>--
<div class="row">--
  <div class="col-sm-2"><input type="text" size="5" class="form-control" id="motor1" placeholder="0"></div>--
  <div class="col-sm-2 col-md-offset-2"><input type="text" size="5" class="form-control" id="motor2" placeholder="0"></div>--
  <div class="col-sm-2 col-md-offset-2"><input type="text" size="5" class="form-control" id="motor3" placeholder="0"></div>--
  <div class="btn-group-vertical col-sm-2"><a href="#" class="btn btn-sm btn-primary" onclick="moveCamera()">Move</a> --
  <a href="#" class="btn btn-sm btn-primary" onclick="resetMotors()">Reset</a></div>--
</div>--
<div class="row">--
  <div class="col-sm-2">&nbsp;&nbsp;&nbsp;Motor 1</div>--
  <div class="col-sm-2 col-md-offset-2">&nbsp;&nbsp;&nbsp;Motor 2</div>--
  <div class="col-sm-2 col-md-offset-2">&nbsp;&nbsp;&nbsp;Motor 3</div>--
</div>--

  <div class="col-sm-6"><br></div>--
</div>--
<div class="row">--
  <div class="col-sm-2"><a href="#" class="btn btn-sm btn-info" onclick="moveUp()"><span class="glyphicon glyphicon-chevron-up"></span></a></div>--
  <div class="col-sm-1">Up</div>--
  <div class="col-sm-2 col-md-offset-1"><a href="#" class="btn btn-sm btn-success" onclick="moveUp()"><span class="glyphicon glyphicon-chevron-up"></span></a></div>--
  <div class="col-sm-1">Up</div>--
  <div class="col-sm-2 col-md-offset-1"><a href="#" class="btn btn-sm btn-warning" onclick="moveUp()"><span class="glyphicon glyphicon-chevron-up"></span></a></div>--
  <div class="col-sm-1">Up</div>--
</div>--
<div class="row">--
  <div class="col-sm-2"><a href="#" class="btn btn-sm btn-info" onclick="moveDown()"><span class="glyphicon glyphicon-chevron-down"></span></a></div>--
  <div class="col-sm-1">Down</div>--
  <div class="col-sm-2 col-md-offset-1"><a href="#" class="btn btn-sm btn-success" onclick="moveDown()"><span class="glyphicon glyphicon-chevron-down"></span></a></div>--
  <div class="col-sm-1">Down</div>--
  <div class="col-sm-2 col-md-offset-1"><a href="#" class="btn btn-sm btn-warning" onclick="moveDown()"><span class="glyphicon glyphicon-chevron-down"></span></a></div>--
  <div class="col-sm-1">Down</div>--
</div>
::after
</div>
::after

```

Table setup:

This is what I think the table set up should look like??

 <i>Picture</i>	Move Camera			
	Use the.....			
	 X-axis <input type="text"/> ↑ Up ↓ down	 Yaxis <input type="text"/> ↑ Up ↓ down	 Ratation <input type="text"/> ↑ Up ↓ down	<input type="text"/> <input type="text"/>

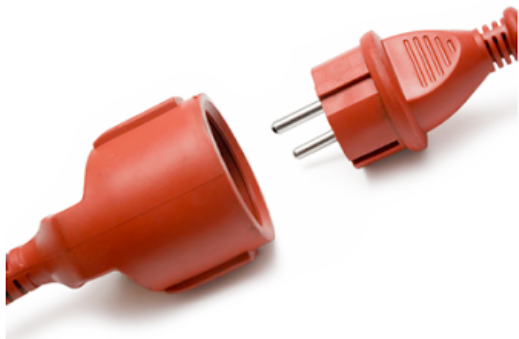

This is the website in a smaller screens:
